**2019 British Rallycross
Championship**

The numbers listed in this document are those used during the 2018 season.

To keep the number used in 2018 a driver must register for the championship by the closing date for entries for round one. After this date unregistered numbers will be available to any other driver on a first come, first served basis. The Championship organiser reserves the right to allocate a number that must be used where necessary.

The British Championship will use GBI and will also have his 2018 race number reserved in his name.

Numbers not listed are also available. 999 is highest number available.
